

APPENDIX 2.1

Plan Development Team Members

The Plan Development Team is comprised of Project Staff and an Advisory Committee.

Project Staff

Project Staff documented all steps taken in the development of the Plan and was responsible for all aspects of the Plan development including collecting data, reviewing plans/studies, facilitating public input, drafting the Plan, and for all required documentation. In addition, Project Staff facilitated the process to review the hazard assessments and profiles, assisted in developing a mitigation strategy, including the design of a detailed action plan, and stakeholder participation.
